Education

Stevens Institute of Technology — Hoboken, NJ
M.S. in Financial Technology Analytics; GPA: 4.0/4.0; Provost Merit Master's Scholarship: $13,000 — *Sep. 2025 – May 2027*

H.R. College of Commerce & Economics — Mumbai, India
B.Com. in Banking & Insurance; CGPA: 8.49/10 — *Jul. 2021 – Apr. 2024*

Experience

Research Assistant, under Prof. Choudur K. Lakshminarayan — Oct. 2026 – Present
Stevens Institute of Technology — *Hoboken, NJ*

- Joined a project on the Bahadur representation of Value-at-Risk for crypto portfolios under heavy-tailed returns
- Reproduced the team's 14-step Python analysis on 10 cryptocurrencies (1,000 days), matching published results exactly
- Ran the team's GAN-simulation experiment (2,000 samples per size) and began extending the analysis to 20 assets

Content Analyst I — May 2024 – Jul. 2025
AlphaSense Inc. — *Mumbai, India*

- Synthesized daily sector intelligence for portfolio managers across 3,000+ companies, ranking #1 of 8 analysts in Q4 2024
- Redesigned data validation after root-cause analysis, raising accuracy from 80% to 92%+ and cutting client revisions 30%
- Owned the escalation process for flagged data discrepancies, resolving errors before they reached client-facing reports

InterLibrary Graduate Assistant — Sep. 2026 – Present
Stevens Institute of Technology Library — *Hoboken, NJ*

- Handle interlibrary loan requests and cataloging, helping patrons and researchers find and receive the materials they need

Graduate Student Worker, Admissions — Feb. 2026 – Aug. 2026
Stevens Institute of Technology — *Hoboken, NJ*

- Analyzed applicant data with SQL in Slate CRM and built structured reports for a director-level committee across 4 to 5 projects
- Redesigned a slow workflow, cutting response time by 30% and reducing escalations
- Partnered with outreach, events, and content teams on campaigns reaching 1,000+ prospective students per cycle

Financial Accounts Analyst — Dec. 2023 – Apr. 2024
JMD Packaging — *Mumbai, India*

- Processed 1,000+ client invoices across payables and receivables; ran monthly reconciliations with zero audit exceptions
- Handled monthly and quarterly GST and TDS compliance filings; kept documentation audit-ready

Projects

Sentinel – Catastrophe Early-Warning Dashboard | *Multi-Agent AI, Python* — Sep. 2026

- Built a two-agent catastrophe early-warning dashboard for underwriters with teammate Amrit Chhabda for the Chubb challenge

Vault – Multi-LLM Agentic Platform | *Claude, GPT-4o, Gemini* — 2026

- Built an agentic platform that routes tasks across multiple LLMs, used daily by a Barclays Managing Director

EquiTea – Equity Research & Diligence Platform | *Python, Claude API, RAG, SEC EDGAR API* — 2026

- Built a RAG platform that pulls SEC filings on demand and produces BUY/HOLD/SELL recommendations, cutting manual research time

Technical Skills

Languages & Tools: SQL, Excel, Python (working knowledge), R, Slate CRM, Clay, Git, Bloomberg Terminal
Core Skills: Product & Strategy, Root-Cause Analysis, Quantitative & Risk Analysis, LLM & RAG Applications, Stakeholder Communication, Cross-Functional Collaboration
Certifications: Bloomberg Market Concepts (BMC)
